Good Morning

Since I asserted my rights in Civil Courts

The campus has continued to threaten me in court

You can see here that United States District Court has filed a lawsuit against Johnson and Wales University

Can you please communicate with them to let them know all forms of retaliation are prohibited? They are starting to scare me, they shared this information with 3 other colleges (URI, Framingham State University and Bryant University)

The campus has threatened me to come to Superior Court on October 13th 2020

I hope you have some lawyers to step in because this is your responsibility to keep me safe.

Campus vouched they had no further relationship with Eugene after October 28th 2018

Campus continued to harass Eugene and inform him that they were no longer a part of the campus, this remains odd to Eugene because Eugene asked to be taken out of classes between February and June 2018, The process is frivolous, and lacked no competence (they acted like a gunner who returned to campus several times to execute students and staff, Matthew shrieked, Ruben stared and Framingham Filibusted
